

Kids Depot

March/April 2024 Newsletter

Easter Break

Kids Depot will be closed on Friday, March 29th and

Monday, April 1st for the Easter holiday. If these are days that your child/ren normally attends, you will still need to pay for these days. They are paid holidays for the staff team. Thank you for your understanding.

Outdoor Attire

We couldn't be more excited that Spring is almost here - March 19th! We wish that meant that it would always be 50 degrees or warmer, but we know that isn't always the case. Please make sure that your child has everything they need to wear to be able play comfortably outside each day. This includes snow/rain boots, please. Thank you!

New Playground

Some of you may have noticed that we have removed the old playground unit that was on the older side of the playground. This was done due to the playground unit having some structural decay, that was discovered while we were redistributing the pea

gravel last fall. We did not feel that it was safe for the children to play on any longer. We have ordered a new playground structure, that is scheduled to be installed in early June.

Reminders

- * If your child is not going to attend school, for any reason, please email Missy or Nancy, notify your child's teacher through the Teaching Strategies App or call the center and let us know.
- * We have a no food from home policy here at Kids Depot. Please make sure that your child is not bringing in food of any sort, including snacks/candy. Thank you!

Summer Information

In the next few weeks, we will be emailing all our families a survey link regarding your plans for summer attendance. Please complete the survey by Friday, April 5th. Thank you.

Week of the Young Child

April 8 - 12, 2024

The Week of the Young Child® is an annual celebration sponsored by Children (NAEYC), the world's largest early childhood education association, with nearly 60,000 members and a network of 52 Affiliates.

The purpose of the Week of the Young Child® is to focus public attention on the needs of young children and their families and to recognize the early childhood programs and services that meet those needs.

NAEYC first established the Week of the Young Child® in 1971, recognizing that the early childhood years (birth through age 8) lay the foundation for children's success in school and later life. The Week of the Young Child® is a time to plan how we—as citizens of a community, of a state, and of a nation—will better meet the needs of all young children and their families.

Kids Depot will be celebrating this special week with different themed days. We will be sending out more information, via email, by the end of March.
