Our Philosophy

Kids Depot Camp 2016 believes in creating a safe, fun and educational environment for school-age children during the summer. Staff are dedicated to ensuring that each child's needs are met in order for them to feel safe and happy. We feel that summer break should be just that—a break from formal learning, so the learning will take place through hands-on experiences and field trips. Children are encouraged to follow Christian values to be kind, respectful and considerate to their peers and all of God's creations.
